

CLEAN UP AFTER MASS:

After the deacon or priest purifies the vessels, bring them to the sacristy. Also pick up the purificatory from the baskets.

Put some baking soda in the small sink with water, clean the rim of the goblets with small cloths, along the interior of the goblet. Rinse and dry them and place back on tray. Cover with large pall.

If there appears to be any crumbs from the hosts in the ciboria, rinse it (them) in the small sink, the special sink with the pipe that empties directly to the ground. Father's Chalice can also be rinsed.

At the 8:00 a.m. Mass, leave everything on the counter for the 10 a.m. Mass. Take the lavabo bowl and put it back on the table.

Notes: Also at the vigil (Saturday) - leave everything but the key on the counter in Sacristy. May leave the 4 small ciborium's on the credence table.

After the 10 a.m. Mass, bring all the wine goblets and the ciborium to the sacristy, after they have been purified. Only have the water bowl on the credence table.
